Yes, last federal action for AK Steel was 5/24/18 – state took over after that. We may plan to do a followup inspection in the next few months but if you need to close it out now it makes most sense to add a closed date a bit later in the summer, since we were waiting to see how Ohio's Order would end up.

Thanks,

Gina

Subject: AK Steel

Guys, I'm checking ETS and I show the last action for AK Steel was 5/24/18. Can I assume there are no other actions I need to be aware of and can show this facility as closed as of 6/1/18? Let me know as soon as you can, since the contractors are going to be indexing AECAB files soon. Thanks very much. Julie
